NPL West Playoffs was great place to compete. It helped see where our team is on a national level. It was high level play at a beautiful venue. Getting to see my players compete, along with enjoying the beautiful scenery of Colorado was fascinating. Thank you NPL and thank you US Club for providing Rayos 07 Boys with the opportunity!

The NPL finals is a great atmosphere and the competition is very strong. All 3 of my teams competed this year at NPL Finals and we have attended this National Championship event for the past 3 seasons. You have to adjust to different styles of play each game and be mentally and physically prepared to make a run at the championship. Overall, Red River NPL is a fantastic experience each year.
