

REFEREE TEAM

Starting my career about five years ago, I worked a lot of local leagues and tournaments trying to work my way up and improve game by game. A lot of the tournaments I worked early in my career that really helped me get to where I am now; and still help me as I continue to work them, are the U90C tournaments. These tournaments are always filled with highly competitive teams and games. From the seasonal events like: Spring Kickoff, Summer Splash, Veteran Heroes Cup, and Labor Day Open; to U90C's top level events and leagues like: Texas State Cup, SuperCopa, Regional Premier League, and National Premier League. With all these back-to-back year-round events, I gained so much knowledge and improved very quickly. Due to this, North Texas Soccer awarded me with the, 2023 NTX Young Male referee of the Year, for the outstanding work and progress I have shown over the years.

Amongst this prestigious award, I am also grateful to have been chosen to work big youth games like the USYS North Texas U16 Girls State Cup Final, a Dallas Cup U13 Boys Preliminary Match (as a first year); and, amongst nineteen other great referees, chosen to represent North Texas in the 2023 USYS Southern Regionals in Baton Rouge, Louisiana.
